Chart No.3: Mean score of the students feedback on the statements showing the quality of teaching- learning environment

Analysis of the Students Feedback Survey:

The students were asked to indicate their feedback, perception on five point Likert scale of the degree of strongly agreeing, agreeing, neutral, disagreeing, and strongly disagreeing where 5 point was given to strongly agreeing, 4 to agreeing, 3 to neutral, 2 to disagreeing, and 1 to strongly disagreeing. After that, the recorded perceptions on the different statements were processed to obtain the students feedback analysis report. For validation purposes, statement having a mean score of 3.50 to 4.00 was fixed as the cut-off point; meaning that a student's feedback would be considered as agreeing and a mean score more than 4.00 was fixed as the cut-off point, meaning that a student's feedback would be considered as strongly agreeing.

Conclusions:

Chart No.: 1, demonstrates the mean scores of the student's feedback report towards the attributes of courses, obtained on eight statements. The charts states that students had similar opinion towards all the eight statements ranging from 4.14 to 4.26. It may be noted that all the eight statements were considered as strongly agreeing since the minimum scores of any statement was not less than 4.14.

However it may be noted that a statement, 'clarity and relevance of textual reading material', with a mean score of 4.14 and another statement, 'learning value in terms of knowledge, concepts manual skills analytical abilities and broadening concepts' with a mean score of 4.16 was not rated as a significant statement by the students with the comparison of statement, 'extent of effort required by students', with a mean score 4.20 and statement, 'overall rating', with a mean score of 4.26.

Table No.: 1, and Chart No.: 2, demonstrates the responses of students feedback collected on the basis of rating that they had given to the parameters that are mentioned in the above table no. 1, on five points Likert scale. The mean score of student's responses towards the parameters about the teaching of teachers in college states that the teachers are communicating effectively with the students with an average mean of 4.16, teachers are fair and transparent in internal assessment with an average mean of 4.15, whereas with an average mean of 4.15 states that teachers are creating interest in the subject while teaching.

Chart No.: 3, demonstrates that the mean scores of the between degree of strongly agreeing and strongly disagreeing about the 16 statements belonging to five point Likert scale. The mean scores of the responses between the degree of strongly agreeing and strongly disagreeing held by all students for all statements ranged from 1.00, 1.27, 1.53, 1.80, 1.87, to 4.53, 4.60, 4.67, 4.73, and so on, with an average mean score of 3.89. The statement, 'building / classrooms are well structured and also accessible to disabled persons' had scored a highest average mean score of 4.26, highest strongly agreeing statement, whereas the statement, 'online educational resources are available and accessible in library' had scored lowest average mean of 1.29.

Action Taken:

The analysis of feedback report was forwarded to the principal and was also discussed in the meeting held by IQAC coordinator for taking collectively correct action to minimize the dissatisfaction of students were the minimum mean score is less than 3.00
